

SAVE UP TO \$2,000

on Home Insulation Improvements

NSTAR and the Marshfield Energy Committee are dedicated to helping Marshfield residents reduce their home energy use.

One of the most effective ways to improve your home's energy efficiency is through proper insulation.

Schedule a no-cost **Home Energy Assessment** and an Energy Specialist will evaluate your home's insulation and identify other energy saving opportunities throughout your home.

You may be eligible to **save 75%** on the cost of insulation improvements to your home, **up to \$2,000.**

This pamphlet is brought to you by NSTAR, in cooperation with the Marshfield Energy Committee. Visit the Marshfield Energy Committee at MarshfieldEnergy.org.

Home Energy Assessment.

Customers must meet program eligibility requirements to participate. Eligibility for rebates/incentives is based on findings from the Home Energy Assessment for qualified measures. Financing is subject to approval from a participating lender. Some restrictions apply and offers are subject to change or cancellation. Limited income households may qualify for additional services and will be referred to local Community Action Agencies.
